**1. Aquabac 200 G**

- a. EPA# : 6237-3
- b. Active ingredient : Bacillus thuringiensis israelensis
- c. Providers : Becker Microbials / Target Specialty Products

**2. VectoBac G**

- a. EPA# : 73049-10
- b. Active ingredient : Bacillus thuringiensis israelensis
- c. Providers : Valent BioSciences / Adapco

**3. Spheratax SPH (50 G)**

- a. EPA# : 84268-2
- b. Active ingredient : Bacillus sphaericus
- c. Providers : Advanced Microbiologics / Target Specialty Products

**4. VectoLex FG**

- a. EPA# : 73049-20
- b. Active ingredient : Bacillus sphaericus
- c. Providers : Valent BioSciences / Adapco

**5. VectoPrime FG**

- a. EPA# : 73049-501
- b. Active ingredient : Bacillus thuringiensis israelensis and S-Methoprene
- c. Providers : Valent BioSciences

**6. Fourstar CRG**

- a. EPA# : 85685-2
- b. Active ingredient : Bacillus sphaericus and Bacillus thuringiensis israelensis
- c. Providers : FourStar Microbial Products / Clarke Mosquito Control

**7. VectoMax FG**

- a. EPA# : 73049-429
- b. Active ingredient : Bacillus sphaericus and Bacillus thuringiensis israelensis
- c. Providers : Valent BioSciences

**8. VectoMax WSP**

- a. EPA# : 73049-429
- b. Active ingredient : Bacillus sphaericus and Bacillus thuringiensis israelensis
- c. Providers : Valent BioSciences

**9. Natular XRT**

- a. EPA# : 8329-84
- b. Active ingredient : Spinosad
- c. Providers : Clarke Mosquito Control

**10. Altosid pellets**

- a. EPA# : 2724-448
- b. Active ingredient : S-Methoprene
- c. Providers : Wellmark International / Clarke Mosquito Control / Target Specialty Products

**11. Altosid pellets WSP**

- a. EPA# : 2724-448
- b. Active ingredient : S-Methoprene
- c. Providers : Wellmark International / Clarke Mosquito Control / Target Specialty Products

**12. Cocobear**

- a. EPA# : 8329-93
- b. Active ingredient : Mineral oil
- c. Providers : Clarke Mosquito Control

Later into the season and only in areas where adult mosquitoes cause extreme annoyance or mosquitoes can transmit disease are present will they use one of the following adulticides.

**1. Duet**

- a. EPA# : 2724-448
- b. Active ingredient : Sumithrin, Prallethrin, Piperonyl butoxide
- c. Providers : Clarke Mosquito Control

**2. DeltaGard**

- a. EPA# : 432-1534
- b. Active ingredient : Deltamethrin
- c. Providers : Bayer Environmental Science / Target Specialty Products

For further information on the different products (labels, Safety data sheets), you can visit the website of the different companies producing or distributing the pesticides (see the **Providers**).
